Euphemian Circle of King's Daughters

Hold Regular Meeting—Miss Mary Swanton Entertains—Notes.

The regular meeting of the Euphemian circle of King's Daughters was held at the home of Mrs. Field McIntire on Central avenue Friday evening. There were many present at the meeting. The routine of business was transacted and plans for the season's work were discussed. Plans were made to hold a Christmas sale sometime near the middle of December. Following the regular business a social hour was enjoyed at which time refreshments were served by the hostess.

Old Landmark Removed

Friday the Gas and Electric Co. removed the lamp pole which has stood at the corner of Fifth street and North Main street for the past forty years. The pole was first used when the old gas lamps were in use and was also used when the electric came in. Up to a short while ago it was used as the police signal.

Miss Mary Swanton Entertains.

At her home on North Main street Friday evening Miss Mary Swanton entertained a number of her friends. The evening was spent with games and musical selections. Several vocal and instrumental offerings were rendered by different guests. Delightful refreshments were served by the hostess during the evening.

Notes.

Sunday will be observed as rally day in the Federated church.

Mr. and Mrs. William O. Dodge of Pawtucket have returned after spending a few days with friends here.

The work of excavating along North Main street for the laying of the Has-sam pavements has reached a point near Polish hall.

HALLOWEEN WHIST

Given by Woman's Guild of Poquetan-uck Church at home of Mr. and Mrs. Mitchell.

The Woman's Guild of the St. James Episcopal church at Poquetanuck gave a Halloween whist at the home of Mr. and Mrs. William Mitchell Thursday evening at which six tables were played. Prizes were taken by Mrs. Sherwood Potter, William Mitchell, Mrs. C. P. Knight and George Mansfield. Mr. and Mrs. Mitchell entertained their guests in their usual hospitable style. The house being elaborately decorated for the occasion with white, black and yellow crepe paper and autumn leaves. A Halloween luncheon consisting of sandwiches, doughnuts, cheese, pumpkin pie, sweet cider and coffee was served after which dancing was enjoyed, music being furnished by Mrs. Lillian Lucas and William Mitchell. It proved a most delightful evening.

Furnace for Storrs Church.

While the new furnace is being installed in the Congregational church at Storrs, services will be held at the college chapel, Sunday at 10:45, instead of in the church. This also necessitates the Plerim Supper being held at the church, as announced.

IN NORWICH FIFTY YEARS AGO

Survey of Thames River Channel Completed By Captain J. A. Judson, Engineer Corps, U. S. A.—Preston School Visitors Place Ban on Teachers' Late Hours—Mayor Blackstone Was Guest at Reception on French Frigate—Columbia Church 150 Years Old.

Fifty years ago, Captain J. A. Judson of the Engineers Corps, United States Army, completed a survey on the channel of the Thames river, for the deepening of the channel to the depth of the entire length of the river. The appropriation of \$10,000, appropriated by Congress will by means be sufficient to undertake the task but it is hoped by the citizens of the city, and those in eastern Connecticut who will be benefited by the deepening of the channel, that an additional appropriation will be secured.

As Norwich has been selected by judges for one of the Jurisdictional districts, the supreme court will open its sessions here in next week. The board of school visitors of the town of Preston in their annual report placed a ban on the teachers in keeping late hours and the company they keep. Mayor Blackstone was a guest at a reception tendered by officers of the French frigate which is moored at New London.

Gleanings from the Bulletin files of the following:
Oct. 15, 1866—In Litchfield, Tuesday last, a man named Thomas Herbert, formerly a member of the 2nd Conn. Heavy Artillery, whose home was in this town, but had been engaged in Litchfield, had some trouble at a hotel which resulted in his death.

Thames Channel Survey Completed.
Captain J. A. Judson, of the Engineer Corps, U. S. A., completed his survey of the channel of the Thames river last week, and having learned that Gen. Humphreys will not make a visit here on an inspection tour as he intended to, will leave town for Newport, where he is to be on duty this winter. The results of the Captain's surveys show that the sum appropriated, \$10,000, will be means sufficient to deepen the channel of the river to the depth of fourteen feet the entire length at high tide. If Congress there is every reason to believe that an additional appropriation will be secured, the work of deepening the channel of the river will be completed.
